

QLT-cup Summer 2020

Which team will win the first QLT Cup?

QLT is organizing a five-week-long competition for teams of four players.

- o Assemble a team consisting of four players
- o Choose a captain and a team name,
- o Register your team with Jago Lowagie by e-mail (info@qtl.be) or FB Messenger.

From July 28 on, you'll get a different team as an opponent every week. The captains of both teams have to agree on a day and a time, and reserve tables at QLT to ensure that all duels between both teams are completed within the week. The rental price of the table for these matches is included in the competition entry fee.

How much does it cost to participate with your team?

Participation in the cup competition costs 60 euros per team of four players.

Each team plays 80 matches (except when a player forfeits). This means that the registration amounts to only 75 cents per match.

One substitute player is allowed if a permanent team member is not available for a week.

When does this cup competition take place?

There is no set time for the matches; the teams play every week:

- o **Week 1:** from Tuesday, July 28 to Monday, August 3
- o **Week 2:** from Tuesday, August 4 to Monday, August 10
- o **Week 3:** from Tuesday, August 11 to Monday, August 17
- o **Week 4:** from Tuesday, August 18 to Monday, August 25
- o **Week 5:** from Tuesday, August 25 to Monday, August 31

A handicap system is used, in which a set must be played up to the handicap augmented with 11 points.
